U.S. Patent and Trademark Office PTOL-303 (Rev. 08-06)

Continuation of 11. does NOT place the application in condition for allowance because: Upon further consideration, Applicant's reply overcomes the rejection of claims 78, 79, 95 and 96; however these claims depend on the rejected independent claims and are therefore objected to. Incorporation of the claim language of the above dependent claims into their respective independent claims would render the claims allowable over the prior art of record.
